

## Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

Read more about Early Journal Content at <http://about.jstor.org/participate-jstor/individuals/early-journal-content>.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact [support@jstor.org](mailto:support@jstor.org).

# THE STEREO RELIEF DECORATIVE CO.,

PATENTEES AND MANUFACTURERS OF

## STEREO RELIEF CEILING AND WALL DECORATIONS,

Wainscoting, Friezes, Borders, Panels, Vignettes, Ornamental Centre Pieces, Carvings, Mouldings, Advertising Signs, Letters and Figures, and Corner Scrolls for Signs, &c.

Ceiling in Fire-Proof Stereo Relief.

A Dado in Fire-Proof Stereo Relief.

Wall Filling, Dado and Frieze in Fire-Proof Stereo Relief.

### The Stereo Relief Decorative Composition.

**T**HE Stereo Composition can be moulded into an infinite variety of artistic forms, in pure white or in tints, and can be gilded, silvered or bronzed, thus readily reproducing or duplicating any desired design furnished by architects or decorators. This substance contains no oil, white lead, or other inflammable material, and is absolutely fire-proof and sanitary. It is not affected by contact with water or by any sudden change of temperature.

Its expense is less than that of any other artistic decoration, and it fully equals the best in beauty, while it surpasses all others in the essentials of **Strength, Lightness, Adhesiveness and Non-Inflammability.**

It is admirably adapted for the decoration of churches, theatres, public halls, hotels, restaurants and private residences; and, as a substitute for paint, paper, frescoing, kalsomining or other hard finish, it is infinitely more economical—quality and durability being considered.

### Stereo Relief Friezes, Dadoes, Panels, Etc.

The Company has always on hand a large and elegant assortment of friezes, wall fillings, borders, panels, dadoes, rosettes, etc., etc., in relief, manufactured from its Stereo Composition. This material is far superior to *papier-maché*, or plaster; is light, but strong and substantial, and admits of the application of any desired style of ornamentation. These decorations, embracing entirely new designs, are made in very high, as well as low relief, and are readily and safely handled.

Your attention is especially asked to the fact that our work is complete before it is sent out from our factory, and can be put up by any workman in the decorative trade, thus enabling our patrons who are at a distance to render perfect satisfaction to their customers.

The high relief in which this new composition can be produced forms one of its prominent features, an elevation of six or eight inches being as readily shown as one of half an inch. And, as the material is cast in flexible moulds, a perfect under-cut—that great desideratum of artistic relief work—is obtained with ease. In representations of heads and figures, a life-like resemblance is effected; and architectural details are also followed with a similar fidelity; while in fruits, vines and flowers, the grace, beauty and *pose* of nature are retained, and the stiffness and preciseness of stamped work, such as the *Lincrusta-Walton* or *papier-maché*, are avoided.

In conclusion, we claim that there is a great public need of productions such as ours, and we believe that, in our new material, we have reached the desired point of perfection.

Pre-eminent in all elements of decoration, and its development and practicability established beyond peradventure, we most respectfully ask your co-operation in the ultimate establishment of the Stereo Relief Decorations as a *leader* for all kinds of wall and ceiling ornamentation.

We invite correspondence, and, having no fear of competition, shall be glad to furnish estimates promptly. Personal inspection of our work is solicited, as well as a visit to our factory and salesroom.
